

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

I was on a US Airways flight from Charlotte to DC on Easter Sunday. While we were on our way to the runway the pilot had to stop the plane because of a ground stop at Dullas. At that moment everyone stood up and got on there CELL PHONES. 10 minutes later the pilot came on and told everyone to get back in their seats so we could take off. Much to my surprise NOBODY returned to their seats and the guy 2 rows in front of me said. " I HAVE TIME TO MAKE ANOTHER CALL" The pilot got back on the PA and asked everyone to return to their seats and end cell phone conversations. Once again he was ignored. If you think that giving people license to use cell phones is a good idea then you have no business sitting on the FCC commission

Please leave the current rules in effect.

Sincerely,

Pat Pugliese
